

2024 *Asphalt* SEMINARS

Join us for the 2024 Asphalt Seminars hosted by VAA and VDOT. 2024 marks the 14th anniversary of this event, a period of time over which more than 6,000 people have attended. Originally initiated to inform both industry and VDOT employees regarding changes associated with VDOT's Blueprint plan, later seminars morphed into opportunities to share information on a myriad of topics pertaining to what is relevant to the industry or VDOT. This year's seminar covers an array of topics including work zone safety, e-Construction, and BMD. Key VDOT and Industry personnel will present this valuable information and will address any questions or concerns that you may have on each topic. Lunch will be provided after the conclusion of the seminar.
