VIRGINIA ASPHALT ASSOCIATION

VISION:

BE A UNITED VOICE FOR THE ASPHALT INDUSTRY
RESULTING IN THE BETTERMENT OF SOCIETY

MISSION:

TO PROMOTE THE INCREASED USE AND QUALITY
OF ASPHALT PAVEMENT IN VIRGINIA

FOUR PILLARS OF THE STRATEGIC PLAN:

REPRESENT - CONNECT - EDUCATE - LEAD

CORE VALUES:

RESPONSIVE - RELIABLE - TRUSTWORTHY -
HONEST - PROACTIVE - ETHICAL -
SINCERE - CARING - COOPERATIVE - LOYAL

ASSOCIATION OBJECTIVES

In order that those interested will know the purposes of this organization, the following is quoted, in part, from the Certificate of Incorporation and By-Laws of the Virginia Asphalt Association, Inc.

CERTIFICATE OF INCORPORATION OF THE VIRGINIA ASPHALT ASSOCIATION, INCORPORATED

THIS IS TO CERTIFY that we hereby associate ourselves to establish a corporation under and by virtue of Chapter 13 of Title 13 of the 1950 Code of Virginia, for the purposes and under the corporate name hereinafter mentioned, and to that end we do, by this our certificate, set forth as follows:

(A) – NAME

The name of the corporation is to be Virginia Asphalt Association, Incorporated.

(B) – PRINCIPAL OFFICE

The principal office of the corporation in the state of Virginia is to be located in the city of Richmond.

(C) – PURPOSES

The purposes for which the corporation is formed are:

1. To make available and render free information and consulting services to governmental and private bodies interested in paving.
2. To disseminate information regarding the economy of paving with plant-mixed asphalt.
3. To engage generally in all educational and promotional activities of a type beneficial to a chamber of commerce or board of trade, or business league.
4. To promote and increase the use of plant-mixed asphalt in the paving of highways and streets.
5. To promote the common business interests and to promote business conditions for asphalt pavers generally.
6. To exercise all powers which shall be deemed necessary or expedient, for the successful accomplishment of the foregoing purposes, and exercise all incidental powers conferred on similar corporations by general statutes of the Commonwealth.

(D) – NON-STOCK CORPORATION

The corporation is not organized for profit and is to have no capital stock. Its operating expenses shall be paid from funds secured from its members as dues or assessments.

SMARTFORMS TECHNOLOGY - COLLECT, ANALYZE AND REPORT ON FIELD DATA DIGITALLY

The VAA has partnered with HeadLight to deliver a bundle of VDOT forms for use by teams on the job sites. HeadLight Smartforms not only automates calculations but incorporates pictures for complete project documentation.

CAPTURE, SHARE AND ACT WITH HEADLIGHT

- Easy to complete digital forms
- Reduce errors with automatic calculations
- Share final PDFs directly from the HeadLight portal via email
- Learn from the data to improve quality

FORMS IN THIS BUNDLE

TL-56
TL-57
TL-58
TL-59 A,B,C
TL-60
TL-60A
TL-143

"HeadLight Smartforms helps me to be in multiple places at once. This technology allows me to stay in the field where it matters most. I can check on different paving projects in real time. Headlight also minimizes computer time re-entering data where keying errors are made during calculations. HeadLight does all of this seamlessly and automatically through easy-to-use digital forms with dynamic calculations and easy submission."

- James Terrell, Quality Assurance Manager,
Superior Paving

Asphalt Manufacturing & Paving, Site Work, Grading, Drainage, Aggregate Sales

The advertisement features a background image of a dark asphalt surface with a thin, light-colored overlay. The text is centered in the upper half. The bottom section has a dark background with a yellow and white gradient bar. The Thinlay logo is in yellow and white, with the tagline 'SAFE. SMOOTH. DURABLE.' in white below it.

**AT JUST A FRACTION OF AN INCH,
IT'S THE BIGGEST THING IN PAVEMENT PRESERVATION.**

By any measure, Thinlay™ thin asphalt overlays are the answer to our nation's immediate demand for pavement preservation. Starting at a depth of 3/4", this armor-like suite of asphalt mixes is tailored to local needs to prolong pavement life — making roads stronger, smoother, safer and more drivable. Driver safety is enhanced and fuel consumption and noise are reduced, all while using a process that can also recycle and reuse natural resources. In fact, Thinlays are the most cost-effective pavement preservation option for ensuring the long-lasting performance drivers demand.

SPIVEY SERVICES

Spivey Services provides traffic control solutions beginning with traffic control plans created from GPS technology-based software which enables us to present an easy to understand, authority approved plan. We have truck mounted attenuators (Crash Trucks), Arrow Boards and Portable Changeable Message Systems (Message Boards) as well as a full line of traffic safety equipment, rentals and sales for all of your equipment needs. We provide 24-Hour traffic control! services and are equipped with an in-house sign manufacturing shop which specializes in construction, regulatory, warning, street name and custom signs. We are fully staffed with traffic control design specialists, traffic control supervisors and traffic control technicians. Our certifications derive from both the American Traffic Safety Services Association (ATSSA) and the Virginia Department of Transportation (VDOT). Spivey Services provides Traffic Safety Services in Hampton Roads and Richmond, VA. Its partner company APX Traffic Management services Roanoke, Lynchburg & Charlottesville, VA. We also provide portable toilets, sanitation trailers, hand wash stations, and much more.

AQUAPHALT

1230 River Road, Charlottesville, VA 22901
434-295-6137

Contact:

Michael Wertheim

Email: michael@aquaphalt.com

Aquaphalt is a permanent and eco-friendly asphalt patch material manufactured in Charlottesville, Virginia and distributed all over the country. Aquaphalt is VDOT approved and has been successfully used by the department of transportation for 5+ years.

Aquaphalt is backed by a 3-year warranty, has no VOC's, and sets up with water. Aquaphalt can be installed in below freezing temperatures, can be opened to traffic immediately, and will be fully cured in 24 hours. Aquaphalt is great for core holes, potholes, and asphalt maintenance.

UNIQUE PAVING MATERIALS CORP.

3993 East 93rd Street
Cleveland, OH 44105
800-441-4880 / 919-208-8566
Web: uniquepavingmaterials.com

Contact:

Wesley Perkins
Cell: 919-208-8666
Email: wperkins@uniquepavingmaterials.com

UNIQUE Paving Materials Corp. is the manufacturer of UPM® Permanent Pavement Repair Material. VDOT approved and the control material used in several case studies. Our cold mix material is manufactured in seasonal grades, so you get the right material for your repairs, year-round. Simple to apply, no need for any extra materials; no tack, primer, water, or anti-freeze required, even in cold temperatures. Works right from the bulk pile, bag, or pail, we guarantee it!

UNIQUE also manufactures other products for asphalt and concrete applications: cold applied crack fillers, pavement resurfacers and sealers and concrete repair mortars and grouts.

Give us a try and you'll see why so many of our customers refer to our products as "The Good Stuff".

Ask for the original blue bag.

If your bag doesn't say UPM® mix on it,
it's just another temporary patch.

OFTEN DUPLICATED. NEVER REPLICATED.

Products and Services:

Bulk Fuels, Lubricants, Fleet Cards, Diesel Exhaust Fluid (DEF), plus Equipment, Inventory Management and Price Risk Management Programs

World Fuels Services, Eastern Division (formerly PAPCO) offers worry-free fuel supply solutions that begin with a full understanding of your operational needs. Leveraging an established global network of refiners, pipelines, terminals and transportation providers, we ensure you have the fuel you need, when and where you need it. With extensive expertise in petroleum hedging and product trading, we also offer innovative price risk management solutions that allow heavy equipment fuel users, like you, to better manage operating budgets and fuel costs.

With physical assets throughout the Eastern United States, we offer world class service to a customer base includes: commercial, industrial and paving contractors, transportation companies (trucking, transit, railroad), as well as government agencies and municipalities. Ask about our no-obligation site and fuel supply program review.
